

Proposal for hearing on the revised criteria for Swan labelling of Writhing instruments

Nordic Ecolabelling gives you the opportunity to comment on the proposal for criteria for ecolabelling of **Writhing instruments**. Your comments are important and will be considered by the national ecolabelling boards and the Nordic Ecolabelling Board. We look forward to your comments, which should be sent to SIS Ecolabelling no later than **23 August 2008** to be taken into consideration.

The most important differences made in this review:

- Updated requirements on ink and chemicals
- New layout and structure on the criteria
- More and clearer requirements on materials used
- New quality requirements

The criteria proposal and background documents can be downloaded in PDF-format from our web site: www.svanen.nu If you prefer a hard copy, inform us, and we will send you one by mail.

Who can give comments?

All people, companies and institutions who are interested in taking part in the development work of ecolabelling criteria for **Writhing instruments** can give their opinions and comments. We would appreciate if you kindly distribute information about this review to whom it may concern, e.g. raw material suppliers and subcontractors.

Handling of review answers

Review answers will be put together in a review document. This document will be published on Nordic Ecolabelling homepage when the new criteria have been decided. Every separate review answer will be commented in this document.

How can comments be sent?
